## How We Will Handle Your Complaint

All complaints are dealt with sympathetically and in every case we will deal with it fairly and aim to reach a prompt, mutually agreeable resolution.

We make every effort to deal with all complaints as soon as we receive them. We will review your complaint and also the activities and history on your account. This is to ensure that the customer service representative has all the relevant information required to resolve your query as efficiently and effectively as possible.

Unfortunately some complaints cannot be resolved there and then. If we cannot resolve your complaint as soon as we receive it we shall provide you with an acknowledgement that we have received your complaint within five working days. This acknowledgement and any contact from BEnergy in response to a complaint will generally be made through the means the complaint was made. This means if your complaint is made by phone we shall respond by phone, or if in writing the response shall be in writing etc.

The acknowledgement of receipt of your complaint shall also outline how long we expect it will take to deal with the complaint.

BEenergy endeavours to investigate and resolve all complaints within 10 days. At maximum BEenergy will resolve any complaint within two months. Furthermore if we cannot resolve the complaint within 10 days we shall aim to agree a time frame for resolution with you.

We will always:

- Give you the name of our Customer Service Agent who has received your complaint
- Give you a reference number to use for further contact about the issue
- Make a written record of your complaint
- Where applicable we will suspend payment of the bill and all credit action until the issue is resolved
- Keep you informed of progress

## **Resolution of Your Complaint**

How we resolve your complaint will depend on the nature of the complaint however the following remedies are generally available:

- An apology
- An explanation regarding your complaint
- Assurances of process changes to ensure the issue causing your complaint does not occur again
- Where appropriate remedial action to address any loss suffered
- The award of compensation

We will compensate you if we fail to meet our commitments as set out in this Code of Practice per our Customer Charter. €35.00 will be applied to your account within 10 working days of agreeing that we failed to meet our commitments.

Following the resolution of the complaint, if a refund or compensation is due on your account, it will be issued within 10 working days from the resolution date or within one billing period

where the compensation or payment is to be issued in the form of credit to your account. This will be issued using the same method as used to pay your bills (e.g. if you pay by Direct Debit, the refund will be issued directly into your bank account, if you pay by cheque a refund cheque will be issued to you).

If you are not happy with the resolution or you feel your query or complaint has not been adequately dealt with, you can talk to our Customer Service Team Leader. The Customer Service Agent dealing with your complaint will transfer you to our Customer Service Team Manager without delay or dispute.

If our Customer Service Team Manager is unable to resolve your complaint to your satisfaction, you can request that your complaint is referred to our Compliance Department.

BEenergy will write to you with a conclusion and notification of closure of your complaint. This will include details of the Commission for Regulation of Utilities Customer Care Team for you to contact if you are not satisfied with the outcome.
