

### Increase in Residential Electricity prices

Due to recent cost increases impacting the electricity market, with effect from 1st November 2020, BEenergy will be increasing the average residential electricity bill by 2.15%. This will mean an increase in the typical electricity bill of €1.61 per month. If your tariff is subject to change we will be writing out to you shortly. Any change will also be shown on your first electricity bill dated after 1st November 2020.
